**United States Army Birthday and Flag Day
June 14, 2022
Message from the Governor**

Today we celebrate the largest and oldest branch of the United States military- the United States Army. We also celebrate our nation's symbol of freedom and democracy- the American flag.

As we celebrate the history of our great Nation, and as we proudly raise and honor the US Flag each day, we do so in reverence of our sons and daughters who have made the ultimate sacrifice to keep our alliance with the United States strong.

On behalf of Lieutenant Governor Talauega and our families, we thank our proud Army men and women who provide peace and security to our great nation. We also honor all who have made sacrifices to protect the freedoms that are symbolized by the American flag.

Happy 247th Birthday United States Army and Happy Flag Day!

LEMANU P. S. MAUGA
