GENERAL MEMORANDUM NO. 033 – 21

To: Secretary of Samoan Affairs, CEOs, Presidents and Executive Directors of Authorities, Directors, Agency and Office Heads

From: Governor of American Samoa

Subject: Island Wide Clean-up Committee

One of the most impactful initiatives from the previous administration in which we would like to continue during our tenure, is the work of the Island Wide Clean-up Committee (IWCC). A testament to the work of IWCC is the evolution of our landscape - from one that was strewn with litter into a natural paradise that we all enjoy today.

We must continue the momentum that we have garnered thus far. Our administration, today, is officially extending the mandate of the IWCC to lead us into the next four years of a clean and beautiful Amerika Samoa, one that we would all be proud of to call home.

The IWCC will maintain its current Co-chairmen set-up - Executive Director of the American Samoa Power Authority (ASPA) Mr. Wallon Young and the Director of the American Samoa Environmental Protection Agency (AS-EPA) Fa'amao O. Asalele Jr.

Attached to this memorandum, is an outline of the six (6) zones in which all ASG authorities, departments, agencies and offices have been divided into. Each zone is headed by either a department or authority designated as its Zone Leader. Please take time to identify which zone your authority/department/agency/office is under and as well as your Zone Leader.

IWCC clean-ups will be conducted on the last Fridays of each month, beginning this month. The first clean-up for this year will be **Friday, January 29, 2021**. All Zone Leaders are asked to send a representative to the first IWCC meeting of this year held on **Tuesday, January 26, 2021** at 10:00am at the AS-EPA conference room.

Please give Directors Young and Asalele your full support in moving forward with this initiative.
