

# CORONAVIRUS DISEASE 2022

Media Release-40 (PSA220044)

Data as reported by the American Samoa Department of Health by 10:00 AM on April 5, 2022

## Situational Summary

On April 4, 2022, a total of 798 tests were conducted by both DOH and LBJ and of these, 253 yielded positive results. One new hospitalization was reported to DOH and no deaths. The cumulative COVID-19 case count is now estimated at 4,957. Our collective data shows that 1,967 individuals who previously tested positive have now recovered or have completed their 14 days of isolation. Our collective data suggest that 2,987 *active* cases have been recorded. A total of five (5) individuals are currently hospitalized and a total of eight (8) deaths related to COVID-19 have been documented.

Currently, our vaccination coverage rate has increased to 83.4%. Individuals who are fully vaccinated and received a booster is estimated at 59.5%. DOH continues to encourage 11,434 individuals who are already due for a booster to come and get one. DOH also continues to encourage the community to get vaccinated if they have not done so. COVID-19 vaccines are working very well to prevent severe illness, hospitalizations, and death. Vaccine effectiveness against COVID infection decreases over time, and boosters increase your protection against COVID-19.

## Schedule

COVID-19 tests and treatments will continue to be available from Monday to Friday at the health centers in Amouli, Tafuna, and Leone from 8AM-4PM. Tests will also be available on Saturday from 8AM-2PM.

COVID-19 vaccines will continue to be available at Tafuna DYWA on **Monday and Wednesday from 8AM-8PM** and on **Tuesdays, Thursdays, and Fridays from 8AM-4PM**. COVID-19 vaccines will also be available at the Amouli and Leone Health Centers.

POSITIVE CASE COUNT: 4957					
Village	# cases	Village	# cases	Village	# cases
Tafuna	874	Futiga	58	Auasi	13
