

CORONAVIRUS DISEASE 2022

THREAT LEVEL-CODE RED

Media Release-11 (PSA220017)

Data as reported by the American Samoa Department of Health by 9:00 PM on March 6, 2022

Situational Summary

On March 06, 2022, a total of 77 tests were conducted at the LBJ Tropical Medical Center, of these, 12 individuals tested positive. There were 0 reported hospitalizations related to COVID-19. Those who test positive are served with a Home Isolation Directive. Anyone with COVID-19 must stay away from other people, this may include others in their home. If you know someone who tested positive, let them know that you care by sending text messages, video messages, or groceries their way.

About 80.6 % of the total population is fully vaccinated. On Saturday, March 5, about 1569 doses were administered at the COVID-19 Vaccination Drive-Thru Clinic, of these 1286 were boosters.

Upcoming Events

COVID-19 vaccines will be available from 8 AM - 2 PM, starting **Tuesday** through **Friday** at **DYWA in Pago Pago and Tafuna, and Leone Catholic Hall**. Other fixed sites will be open to the public soon. COVID-19 testing sites are open from 8 AM - 2PM, Monday to Friday. Visit the health centers in Amouli, Tafuna, or Leone to get tested for COVID-19. COVID-19 tests can detect either SARS-CoV-2, the virus that causes COVID-19, or antibodies that your body makes after getting COVID-19 or after getting vaccinated. Testing is very important to help reduce the spread of COVID-19.
