

CORONAVIRUS DISEASE 2022

Media Release-33 (PSA220035)

Data as reported by the American Samoa Department of Health by 11:00 AM on March 29, 2022

Situational Summary

Testing sites on March 28, 2022, reported a total of 1,248 tests conducted and of these, 326 were positive results. Our cumulative COVID-19 case count is now estimated at 3,756. There was no new hospitalization case and one (1) new death was reported to DOH. A total of five (5) individuals are currently hospitalized and a total of four (4) recorded deaths related to COVID-19 have been documented. Our collective data suggest that 3,020 active cases have been recorded. Our collective data shows 736 individuals who previously tested positive have now recovered or have completed their 14 days of isolation.

About 82.8% of the total population are fully vaccinated. DOH continues to encourage the community to get vaccinated if they have not done so, or get their booster shot if they are eligible. COVID-19 vaccines are working very well to prevent hospitalizations, severe illness, and death due to COVID-19. Effectiveness against infectiousness does decrease over time, and boosters increase your protection from COVID-19.

Schedule

COVID-19 tests will continue to be available from Monday to Friday at the health centers in Amouli, Tafuna, and Leone from 8AM-4PM. Tests will also be available on Saturday from 8AM-2PM.

Due to the low turnout, the COVID-19 vaccination clinic at Pago DYWA will be closed until further notice. COVID-19 vaccines will continue to be available at Tafuna DYWA on **Monday and Wednesday from 8AM-8PM** and on **Tuesdays, Thursdays, and Fridays from 8AM-4PM**. COVID-19 vaccines will also be available at the Amouli and Leone Health Centers.

POSITIVE CASE COUNT: 3756					
Village	# cases	Village	# cases	Village	# cases
